

FATHER SAYS HIS DAUGHTER WAS UNJUSTLY AWARDED \$6,500.

Conscience Stricken, As He Says,
John R. Owens Makes an
Affidavit.

John R. Owens, whose daughter had been awarded a verdict for \$6,500 against the Louisville Railway Company, makes a most remarkable statement in an affidavit filed in the case. He states in effect that his daughter was not entitled to any damages against the Street Car Company.

The affidavit says that for the past nine years he has lived with his wife and family at 1326 West Kentucky street, and that he is a carpenter. The accident is said to have happened in February, 1904, though the affidavit alleges that his daughter went to school every day and Sunday-school from January 1, 1904, until about April 13. Then she was ill for the four months following and Dr. Mulvey, who attended her, said she had sciatic rheumatism. Affidavit says he heard nothing about the street car accident until after the illness, when it was suggested as a possible cause.

However he says he refused to bring the suit because he had no reason to believe from what he knew and what the doctor said to him that there was any ground for action.

The suit was brought in the name of Fanny Owens, the girl's elder sister, and the father now swears that he knew nothing about it until it was on trial. "Since conclusion of the trial," the affidavit continues, "this matter has so preyed upon his mind and constantly annoyed him until he felt it his duty to go to some one connected with the street car company and tell them the facts set out in the affidavit."

Affidavit declares that last week he went to the office of J. T. Funk, superintendent of the Railway Company, with intention of relating the circumstances but he found Mr. Funk out. Again on April 14 he alleges to have gone to the office of Mr. Devoe, of the construction department to tell him. Mr. Devoe was out and he told Mr. Harry Towles. In company with Mr. Towles he went to the office of Fairleigh, Straus & Fairleigh where the affidavit was prepared.

From the first the Louisville Railway Company denied that any such accident happened as that in which the Owens girl alleged she was injured. The suit was for \$15,000. The girl, who is about fourteen years of age, could, to all appearances, walk with the assistance of crutches. Her father in his affidavit says that so far as he knows she is only suffering from sciatic rheumatism. But he and his wife have been suffering from this complaint, he says, for a number of years, and they are third cousins.—Louisville Times, April 17.

Lives Lost on Railroads in 1904.

For the whole year of 1904 the number of lives lost on the American railroads was 3,579, and of these 526 were of passengers. In view of the fact that the English railroads have been able to report a whole year without the loss of the life of a single passenger this rate of mortality is positively frightful. The superiority of the American roads to all others in many respects is well established, but our showing with reference to loss of life calls for radical improvements in their management.

Southern Baptist Convention.

For the convenience and comfort of delegates and visitors to the Southern Baptist Convention, which meets in Kansas City, Mo., May 11-17th, the Southern Railway has made arrangements to run special Pullman Sleepers through to Kansas City without change, leaving Louisville 10:15 p. m., Tuesday, May 9, and it is expected that a through sleeper will also be run from Lexington, leaving that point at 5:30 p. m. Following is a partial list of those who will be in the party:

Dr. Carter Helm Jones, Dr. Geo. E. Cates, Dr. E. Y. Mullins, Dr. W. W. Hamilton, Dr. J. R. Sampey, Dr. J. D. Marvin, Dr. Geo. W. Clark, Dr. T. J. Watts, Mrs. S. E. Woody, representative Woman's Missionary Union, Louisville; Dr. Preston Blake, Dr. W. P. Hines, Dr. W. H. Felix, Capt. J. R. Howard, Lexington; Dr. J. J. Taylor, Rev. G. W. Augabrite, Georgetown; Rev. T. H. Pierson, Cincinnati; Dr. B. B. Bailey, J. A. Middleton, Shelbyville.

A cordial invitation is extended to all who may be going to Kansas City to the Convention, or to visit friends, to join this party. In case there is a sufficient number not desiring sleeping car accommodation a free reclining chair car or coach will be run through without change to Kansas City. These arrangements will afford members of this party every comfort and convenience, and will make unnecessary any change of cars enroute.

The route will be via the Southern Railway to St. Louis and thence via the Missouri Pacific Railway to Kansas City. At St. Louis these special cars will be consolidated with those carrying the Tennessee delegation, headed by Dr. Lansing Burrows, of Nashville, and the entire train will then be handled by special service to Kansas City, making but few stops. This train (the Southern Baptist Special) will leave St. Louis at 9:30 a. m. and arrive at Kansas City at 5:45 p. m., thus making a daylight run through picturesque Missouri, along the banks of the Missouri and Meramec rivers, passing through Jefferson City (the Capital), Sedalia, Warrensburg and other thriving cities of the great State.

A rate of one fare plus fifty (50) cents for the round trip will be made, rate from Louisville being \$16.00.

Tickets will be sold May 7th to 11th, inclusive, with return limit of May 23d. A fee of 25 cents will be charged for validating tickets at Kansas City.

A stop-over at St. Louis will be permitted on return trip within final limit by deposit of ticket with Joint Agent, Union Station, St. Louis, immediately upon arrival and payment of fee of fifty (50) cents, to enable you to attend the National Baptist Anniversary, May 16-24th.

Persons desiring to join this party should make application, accompanied by remittance for space in sleepers, to H. C. King, City Ticket Agent, Southern Ry., Lexington, Ky., or A. R. Cook, City Ticket Agent, Southern Ry., 234 Fourth avenue, Louisville, Ky., who will acknowledge receipt and advise promptly location of berth. Rate for double berth from Lexington to Kansas City, \$3.50; from Louisville, \$3.00.

Many Horses Come To Lexington.

Racing is going to be revived on a splendid scale at Lexington this spring. The famous old Kentucky Association course, the oldest and most famous of all the tracks in America, was purchased a year ago by Capt. S. S. Brown, the Pittsburgh Coal King, who has spent \$200,000 to put it in first class shape. The historic stakes which horsemen used to consider it such an honor to win, have been revived and have filled splendidly. Already applications have been received for more horses than can be accommodated with the stable room at the track, which means that the purse races will have splendid fields. The people of Central Kentucky will turn out en masse to witness the racing at Lexington. The meeting is May 3rd to 9th. Reduced rates will be given by all the railroads.

Cement for Mangers and Floors.

Cement troughs and floors are quite popular. The trough runs the length of the row of cows and is about eighteen inches wide and twelve inches deep. The cows are watered, fed and "hayed" in it; the water last, which cleans all out, says the Jersey Bulletin. Anything left in the trough by the cows can be easily swept out. The water is conducted to it with a rubber hose from the force pump. The floor is laid in cement. The chief point is to get a correct foundation. The best for this is found first on the bottom, then pound them hard and put on coarse gravel or finely powdered stone—or bricks are cheap: pound this solid. Mix cement (out of one of cement to two of clean sharp sand) and spread it to a half to three-quarters inch thick. If a little rough on the surface, all the better.

Turkeys for Profit.

When there is sufficient range the turkey offers datterling inducements to the poultry raiser: large size and large price per pound combining to yield a handsome profit at Thanksgiving time. Aside from two or three characteristics, they are about as easily raised as chickens, and certainly the net proceeds are much greater. Among all breeds the Mammoth Bronze is a general favorite. It is of heroic size, fine flesh, and hardly inheriting some of the wild blood of its direct ancestors, the wild

Burglar Traps.

Merchants and property owners in Montgomery, W. Va., becoming frightened at the number of burglaries perpetrated in that section, have equipped their stores with spring guns and other burglar traps. There is hardly a store or dwelling in Montgomery that is not equipped with some kind of apparatus for the destruction or capture of prowlers.

turkey, it delights in extended range, and pines away in confinement. In fact, this disposition to roam is one of the chief obstacles to turkey raising, and unless the range is wide it is not advisable to undertake it. If neighbors have them, the flocks are apt to eventually flock together, and then trouble follows. Marking each bird should be a rule rigidly adhered to. This can be done with legbands of stout cloth, as bed ticking, denim, etc., each family having its own brand. If all parties wish to do right this may be sufficient; but supposing one wishes otherwise, there is apt to be hard feelings. The man who claims "this number" generally does this at the expense of another. It is better to confine the attention to more home-loving fowls than to breed a neighborhood quarrel.

If the eggs are laid in freezing weather or are likely to be molested, they should be removed daily, as deposited in the nest, avoid undue shaking. Turn carefully every day, and keep in a cool place, but where they cannot chill.

Hens do not, as a rule, make as good mothers as turkeys. The old turkey takes things patiently, and instead of tiring her little ones, she picks for them a while and then quietly settles down and hovers them. Yet, with her acquire the taste of wild life indispensable to the best growth.

Many prefer to give the first clutch to a couple of hens, thereby inducing the turkeys to commence laying again. This method, while successful in its original aim, often results in the fatality of a goodly portion of the young, though it tends to breed birds which cling more closely to home. The birds which are hatched by the turkey are the ones which gain the greatest vigor and delight to roam.

Feed morning and night, to induce them to roost at home. Bread crumbs are the best food during the first few weeks. Later, corn, wheat, etc., with bugs in abundance, make the varied bill of fare.—Beesie L. Putnam in Inland Farmer.

Contract For New Settlement Building At Hindman.

The Board of the W. C. T. U. Settlement School met April 12. The report of the Treasurer gave in encouraging outlook for the new Settlement building, which is to be erected this summer on the Hindman. Mr. Albert Smith, of Chicago, the contractor, is to begin work the first week in May, and the building will be pushed to completion as rapidly as possible. Belknap Hardware Co., of Louisville, donated all the hardware that was necessary for the building, together with certain tools that were essential to the work. Ahrens & Ott Company, of Louisville, donated fixtures for the bath room. Mr. Boucasse two barrels of coal oil.

The State officers of the W. C. T. U. voted to hold the State Convention of that organization in Lexington September 29 to October 3, 1905. The financial condition of the State W. C. T. U., as well as of the school, is in a most healthful condition.

CATARRAH TROUBLES PREVALENT

Spring Months Cause Catarrh—Breathe Hyomei, and be Cured.

Catarrhal troubles are more common at this season than at any other time of the year. The sudden changes that come during the spring months are productive of many cases of catarrh that without proper treatment will become chronic.

The pleasantest, most convenient, and only scientific method for the treatment and cure of catarrh, is Hyomei. Simply put twenty drops in the little pocket inhaler that comes with every outfit, and then breathe it for three minutes four times a day.

The complete Hyomei outfit costs but one dollar, and as the inhaler will last a lifetime and there is sufficient Hyomei for several weeks' treatment, it is the most economical catarrhal remedy known. Extra bottles can be procured for fifty cents. Ask W. S. Lloyd to show you the strong guarantee under which he sells Hyomei. [A263110]

REPUBLICAN RECITATION.

In a pamphlet of 48 pages the Hon. Henry H. Smith (Republican) gives an account of the stewardship of Senator J. C. S. Blackburn. His labors have most certainly been continuous and arduous and to demand that the old gentleman again resume the duties of United States Senator at the close of this term is really cruel. Why, this pamphlet gives an account of almost innumerable efforts in behalf of the betterment of the condition of affairs in this country, and to ask that Mr. Blackburn do more would be ludicrous. Are there not others, young men of brawn and brain, who would begin the training for the honored yet knotty task of enduring the labors and hardships in U. S. Senate? Is it not time the riding of this willing horse with a service of nearly 30 years come to a close?

Mr. Blackburn's opportunities have been many. In subsequent issues we shall number these opportunities and make statement of what has come to pass. Mr. Smith in his closing remarks of his friendship of 20 years and more gives his estimate of Senator Blackburn in the following language: "I trust the Legislature of Kentucky will not finally adjourn until it has elected a Republican to succeed Senator Blackburn in the Senate of the United States. It has in Bradley, Hunter, Evans and others who might be named, men who would fill with honor and distinction to themselves and the State of Kentucky the seat now occupied by Mr. Blackburn, and if you can't elect one of these, take Blackburn." My, how the mighty have fallen.

A SEARCHLIGHT.

"My position briefly, then, is—Believing that the supremacy of the machine means turning over the State to the Republicans as certainly as the sun rises in the east, I shall fight it to the last ditch. I want to go back to the Senate, and I feel sure that I shall, but if my seat depends on ceasing to warn my people of their danger, I would gladly sacrifice it."

This is Senator Blackburn's position which he has defined. The Senator has named the opposition to himself "machine." And it must be really frightful to him, a disturbing cause to restful sleep. The Senator need blame no one but himself for opposition and approaching defeat. Had he been a man that had brought things to pass he may have expected to remain with his name on the national pay roll so long as he lives, but he didn't and possibly couldn't, and the continuous cry of "machine," notwithstanding the hatred of the term, will not save him.

CIRCUIT COURT.

Wade Hall and Bob Tipton, colored, got 2 years 10 months for stealing from Clinch mill Will Black for killing Joe Taylor got two years. Three other negroes received sentences for other offenses.

E. Hogg, of Morehead, was admitted to practice in this court. In the \$5,000 damage suit Wallace Scott versus Jno. W. Lockridge the jury returned a verdict of \$25 in favor of Scott.

The petit jury was discharged on Thursday.

The grand jury was discharged on Friday.

Circuit Court adjourned on Friday until Tuesday of next week. The grand jury on Friday recommended to the Court that a rule be issued against the Fiscal Court to show cause why a statement of the financial condition of Montgomery county should not be made public. The following apply to above.

Of the 45 indictments returned nearly all applied in some way to gaming, and the sale of intoxicants. Several fines were imposed and others will be at next court. We regret to know that some boys and young men have been so thoughtless as to engage in that which is unlawful. They should call a halt while yet there is opportunity to free themselves from evil associates, and make of themselves men above reproach.

Montgomery Circuit Court / April Term 1905

To the Hon. A. W. Young,

Judge of the M. C. Court.

We, the grand jury, for our final report at this term of this Court would respectfully state, that we have been in session nine days and have returned forty-five indictments charging various offenses, we have examined the reports of the officers made to your Court and find same correct so far as we are able to tell, we visited the county jail and found it in good condition and well kept, we visited and examined the records and offices of the Circuit Clerk, and find same in good condition, we visited the County Clerk's office and found the records in good condition, we found that the Court-house in some respects needs repairing, there being some leaks in the roof and gutters and in the plastering and water pipes in the interior of same, but these defects were pointed out to the County Judge, we found in making an examination of the condition of the County finances that the Fiscal Court has failed to make and publish a statement of the financial condition of the County which we recommend should be done, we were unable to ascertain accurately the condition of the turnpike appropriation and expenditures but find the expenditures have been somewhat

in excess of the appropriations for the last year.

We have attached hereto the names of witnesses who have failed to respond to the subpoenas issued for them as well as some who have purposely avoided the Sheriff, and suggest that attachments be issued against same for their appearance before the next grand jury.

We desire also to express our thanks to the Sheriff and Attorneys for their willingness and promptness in assisting us during our sitting. All of which we respectfully submit.

J. W. BURTON, Foreman.

For the Fiscal Court we desire to say that the cost of preparing, certifying and publishing in newspaper itemized list of reports of receipts and disbursements is about \$100 and the reason it has not been customary to publish same is that it was purely and solely a question of economy and the saving of this expense.

But as some question has arisen over the matter we state that we are having said financial report prepared and will have same published as soon as possible.

We can say that a report will show that the county's fiscal affairs are in good condition.

When we entered in the discharge of our duties in 1898 the County had just acquired the turnpikes which cost about \$55,000 and for which vouchers, all bearing interest, some at 6 per cent. and some at 4 per cent. had been issued, and which vouchers were payable out of the levies of the succeeding years, and no money was on hand to pay these vouchers or any part of them.

The County at the same time owed \$60,000 railroad bonds of which \$7,000 were due and also \$6,000 Court-house bonds, besides other debts.

Since that time the County has reduced its indebtedness on account of turnpikes nearly \$200,000, has paid \$13,000 Railroad and Court-house bonds, has built a pier for the big iron bridge over State creek at Howard's Mill, about \$5,000, female department at jail, new heating apparatus at Court-house, and many other needed improvements.

There have been a number of smallpox outbreaks to contend with and this has been an unlooked-for item of expense.

The turnpikes have been kept in as good repair as possible and are today in better condition than they were when purchased, and at last regular meeting of Fiscal Court, April 4, 1905, the County had in cash funds available on deposit in hands of Treasurer \$6,138.04 which was more than sufficient to pay all outstanding vouchers of all kinds issued for carrying on the general expenses of the County and also on account of repairs of turnpikes up

to and including the year 1904.

There was also on hand in addition April 4, 1905, \$2,322.48 cash in Turnpike Sinking Fund and \$5,787.26 in Railroad Bond Sinking Fund. The county now has the option to refund the \$73,000 R. R. Bonds, and is taking steps to do this at lower rate of interest.

BLUE JEANS, JR.

A rare combination of two of the leading saddle horse fashions of Kentucky. Blue Jeans and Dillard Dudley. This season only BLUE JEANS, JR., will be permitted to make the season.

at the low sum of

\$8.00 To Insure a Living Colt.

DESCRIPTION—BLUE JEANS, JR., is a real brown, with black legs, mane and tail, 15½ hands high, and combines the weight of the best of the breed with the neatness and finish of the Kentucky saddle horse. He is a horse of more than ordinary intelligence and we believe the opinion of the very best. It is no longer a speculation as to what he will do. His gifts are here as evidence of his great breeding qualities.

FEEDING—BLUE JEANS, JR., sired by old Blue Jeans, Jr. by General Taylor (reference to National Saddle Horse Register); 1st dam by Lewis' Dillard Dudley; and by Haines' (reference to National Saddle Horse Register). This combination of two of the best known families of saddle horses will produce for Blue Jeans, Jr., a name and reputation that will be one of the brightest in the history of Kentucky saddle horse.

Also at the same time and place will be found two of the best Mule Jacks in the State.

A lein will be retained on all colts gotten by the above sires until service fee is paid. Money due when colts are foaled, and in all cases when the mare is parted with or her foal is sold. We will furnish at reasonable prices and special care taken of mare from a distance. 41-41

The Case of Millionaire Stokes.

Somebody wants to know why there should be so much comment over the fact that J. G. Phelps Stokes is to wed Rose Harriet Pastor, who earned her living in a cigar factory.

Because it is a sensation. It is something to make the public sit up and stare when a man of millions devotes his life to the aid of the poor and lowly, and when that same man refuses to mate his wealth with wealth and selects a woman for his wife for that great human reason—LOVE.

We have in this country of great fortunes a few young men who have taken the wealth left to them by their fathers and wisely administered it. They are the exception.

We have others by hundreds who are spenders. Life, to them, is a good time. They are not ruled by example, by regard for health, or by morals. They want to travel fast. They have a peculiar desire to shock somebody, and they do things that offend not only good men and good women, but good taste and decency.

They spend millions to kill time. They are rather proud of the fact that they are world-weary, although scarcely out of the age of childhood. They gamble, they drink, they plunge, and their code of morals says: "Why shouldn't we do these things? WE HAVE THE MONEY TO PAY FOR THEM."

If you will go over the history of the last half century you will find a sad story. It deals with men who built fortunes and honor by hard work and sane living. They brought sons into the world and hoped to replace themselves with a race even stronger and more honored.

And these sons scattered the money and smeared the good name with every kind of devilry doing dazed brains could conceive.

J. G. Phelps Stokes "had the money" to pay for all those things. Instead, he will wed a poor woman whom he loves, and continue to do good works.

That is why there should be comment. He stands so nearly alone that he towers above the millionaire herd like a mountain.—Cincinnati Post.

Miserable Conditions.

Of body and mind, always result from a torpid liver, which leads to bile poisons being absorbed into the blood, and poisoning all the nerves and tissues. This dreadful state, some of the symptoms of which are headache, bitter taste, nausea, lack of appetite, yellow complexion, constipation, etc., can be quickly cured by taking Dr. Caldwell's (laxative) Syrup Pepsin. It relieves the strain on your liver, relaxes the tightened bowels, purifies the blood, strengthens the stomach, and makes it as clean as a whistle. The result is perfect health, and freedom from pain and discomfort. Try it. Sold by W. S. Lloyd at 50c and \$1.00. Money back if it fails. 39 3c

A Wife and a Cow.

The illustrious General R. E. Lee, in his advice to his children, said to his boys: "If you want to be missed in society, be useful; patch up the old house and keep out of debt; marry a sweet woman. Let her bring a cow and a churn: they will be all you want in starting a happy, useful life. Read, improve the mind; read history, works of truth, but never read novels. Follow simplicity of dress; it is not becoming in a Virginia girl to be fashionable. A farmer's life is one of labor, but it is also one of pleasure."

The young man who preaches his acts and life on the grand principles above marked out by General Lee will be a success in this world.—Southern Agriculturist.

"IN A BAD WAY."

Many a Mt. Sterling reader will feel grateful for this information.

When your back gives out; Becomes lame, weak or aching; When urinary troubles set in; Your kidneys are in a bad way. Doan's Kidney Pills will cure you.

Here is local evidence to prove it:

Mrs. Pamela A. Fletcher, widow, of Queen Street, says: "For years I had kidney complaint, pains across the small of my back and over my kidneys dreadful aching in my back and I was sometimes so lame across my hips that I could not stoop and there was difficulty with the kidney secretions. I used different medicines and prescriptions which seemed at the time to relieve me but I obtained no lasting benefit. I read about Doan's Kidney Pills and a relative of mine got a box for me at F. C. Duerson's drug store. I used them as directed and they helped me in every way. My back felt very much better and stronger and the annoying and distressing kidney weakness was greatly relieved. My brother, Strother D. Carrington, of Paris, Ky., who had suffered a good many years with kidney trouble also used Doan's Kidney Pills and found the results most beneficial. Doan's Kidney Pills are certainly worthy of recommendation."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Warning Sent Out That Tobacco Combine Is Playing a Smooth Game to Get Them to Overplant and Gilt The Market—Will It Work

More than a million dollars is being spent by the tobacco trust to wreck the burley tobacco growers' plan for cornering the 1905 crop of burley, according to charges made by men on the Cincinnati breakers familiar with the situation and in touch with the trust's situation, says the Cincinnati Times-Star.

They assert that the trust is spending hundreds of thousands of dollars in an effort to get the farmers over-confident so they will plant such an enormous crop of white burley that the market next fall will be over-stocked and a corner impossible.

Since shortly after the farmers' corner on the 1904 crop was declared off, the trust has been paying such high prices that speculators have been afraid to buy up more than a slight amount of tobacco. Prices have been higher than in years, and farmers continue to get 10 and 12 cents a pound for good grades of burley.

No Quarter.

The evils which always follow after indigestion, biliousness or constipation will give no quarter. Better fight them to a finish with Dr. Caldwell's (laxative) Syrup Pepsin. It is a weapon against these dangerous diseases, which will give you quick relief and permanent cure. Sold by W. S. Lloyd at 50c and \$1.00. Money back if it fails. 39 3c

Hot Bed Talk.

From experience we have found that the moving or establishing of hot beds at a different site every spring is not economical. When making hot beds we have several very important points to see after. The most important is drainage. A hot bed with bad drainage causes injury to the grower.

The plants of such a hot bed have a weak condition. The plants make a weak and stunted growth, assuming a greenish-yellow cast, such plants after being transplanted will hardly ever make any growth, even under the best of care. The hot bed should, if possible, occupy a place which is sheltered from the North and North-west winds and at the same time have natural drainage. Bottom heat is necessary for germination of all seeds, especially onions, tomatoes and peppers.

The amount of soil in the hot bed is a very important matter. It often happens, that in hot beds the soil is filled in too shallow. Then the roots of the plants penetrate into the manure, and fire fangling burning soil on the other hand does not warm up so rapidly and tends to make the bed cold and plants will look yellow and sickly. From four to five inches of soil is just right.

Of course, Kansas might build a pipe line for her own, but Kansas thinks it would be more entertaining to let Mr. Rockefeller operate the pipe line while the State fixes rates and regulations.

A Judge That Stood By Duty.

Sentencing a lifelong friend to the penitentiary was the unpleasant duty that came to Judge Washburn at Elyria, Ohio. Cashier Kankean and assistants had been convicted for embezzling \$102,000 from Citizens Savings Bank. Kankean was the Judge's most intimate friend, and notwithstanding this he adhered to duty. Judge Washburn, in passing sentence upon Kankean, reviewed his long and intimate acquaintance with him, and said if he was not charged with a duty by virtue of his office he would feel that the prisoner, after passing through the mental anguish and the thought of the sorrow he had caused his devoted wife, had already been punished sufficiently. "But," said he, "I must consider the effect your sentence may have in protecting the community by discouraging like breaches of trust. The public interest demands that your sentence be such that it will be a warning to others placed in like positions of trust and temptation that if they betray the trust placed in them the law will punish them, regardless of the result upon their families and friends."

Nervous School Children.

Statistics gathered by various School Boards, show that a large percentage of school children suffer from different forms of nervousness, mild or exaggerated. Some showed a tendency to melancholy, others mental depression, and many the nervous twitches of mild chorea, or St. Vitus' dance. Most of these troubles can be overcome by proper food, sufficient sleep, and Dr. Caldwell's (laxative) Syrup Pepsin. It is a universal children's medicine, because, if good food is eaten, it insures that the food is properly digested and indigestion and nerve poisons properly thrown out. It is pleasant to take, and safe and sure in results. Try it. Sold by W. S. Lloyd at 50c and \$1.00. Money back if it fails. 39 1c

SYMPTOMS THAT INVITE GERMS

Little Ailments That Should Be Looked After if One Wants to Keep Well.

Anyone who has any of the many symptoms caused by poor digestion should take special care to avoid conditions where disease germs are likely to be present. Any of the following symptoms are good evidence of stomach troubles.

Acidity, Bloating up of food, Gripe, Colic, Sour taste in the mouth, Sourness, Indigestion, Sick headache, Vertigo or dizziness, Nausea, Drowsiness.

These little ailments, which indicate a weak stomach and imperfect digestion, should be looked after by the use of Mion-a, if one wants to keep well. A tablet of this remarkable remedy, taken before each meal, will so strengthen the stomach and digestive organs that natural weight will be restored and perfect health and strength regained.

Ask W. S. Lloyd to show you the Mion-a guarantee. [A26M10.]

No Place Like Home.

T. W. Glass, Tallahassee, Ala., wanted to get rich quick, went westward then far west and after a while returned to his southern home, and here is his experience as told in the Inland Farmer. It will do our people good who are always thinking the next place is a little better than home until he has tried it. Here is the letter:

I am a member of a church where, when one joins, he is expected to tell some kind of experience, and if you will admit me to your columns I will tell the readers a short experience from my life.

Five years ago I lived a few miles south of Alexander City, Ala., with a very good little start in the world. But I took the notion to go west and get rich at once. I got on the iron horse with good clothes on and money in my pocket. The first big town I passed through was Birmingham, Ala., then Memphis, Tenn., and Kansas City, Mo., and finally reached Oklahoma City where I stopped. I thought I had found the finest country in the world, with all of its fine stock, wheat fields and numerous other things different from what I had been used to. I learned how to run all kinds of farming machinery, such as three to six-horse plows, harrows, wheat-drills, binders, mowing machines, etc. I can run most of this machinery here in Alabama as soon as I can get the stumps out of my land, and am going to try it. I believe Alfalfa will grow here as well as it does anywhere. Would like for some one who grows it to write me what he will sell me seed at per bushel. (Write to J. N. Shirley, Lebanon, Ind., or to Geo. Campbell Brown, Spring Hill, Tenn., for Alfalfa seed and culture, Editor Inland Farmer.)

I was not satisfied with Oklahoma. I went on to the opening of the Kiowa-Comanche reservation, and was present at Lawton during the opening there. It was the worst mob I ever was in, and I had enough of that as I did not draw anything. Now I am back in Alabama where I was "fetched up." Oklahoma may suit some people, but it would not suit me if I were to stay there a thousand years. Of course everybody cannot see alike. If they did they would all want my wife. The secret of my experience is this: I am satisfied with my lot. Let cotton be five or ten cents, or what it will, I am going to raise what I have to use at home and be satisfied, be it little or much, for Jay Gould never had anything in this world but his virtuals and clothes.

The Compton Courier has a Popularity Contest. Last week there were only two contestants, each having two votes. Paid subscriptions for six months gives one vote.

OIL.

Last week six wells were being drilled and seven derricks were being built. The 2-inch pipe from this field is being replaced by a 4 inch pipe.

Green Seal Spreads.

It covers a greater surface satisfactorily than any other paint on the market. Try it and be convinced. For sale by Thomas Kennedy.

Some people conjure up trouble and imagine that they are hearing heavy crosses.

FACTS and OBSERVATIONS

Trips to Bourbon, Bath and Nicholas.
INTERVIEWS WITH AGED MEN. EXHIBIT OF RELICS.
Sing Sweetly and Smile Bewitchingly.
THE LOVE AND COMPANIONSHIP OF A CHILD.

On Friday, April 14, we went to Bourbon. Our aged friend James Moore is very feeble, partially paralyzed. He retains his memory remarkably well for one of 85 years, considering his infirmity for nearly a year. With strong faith in the promises of God he awaits the change that takes him to the heavenly home. In North Middletown we again met the aged Frank Houston, of Paris, erect, active, talkative.

Enroute to Plum we called to see James Hedges. He is hoarse, but his memory is good. In our long talk we learned some facts. He is 82 years and 4 months old, has continuously lived until present time in the house in which he was born. Large of physique and stopped by reason of age and toil, he works every day. At the age of 36 years he married the woman who for 13 years at \$2 per week and clothing earned his invalid mother, who nursed her father at the age of 93 years and 7 months dying in August, 1872. A girl his mother played on the fiddle named which gave name to Mr. Sterling. For many years he was a breeder of fine sheep. That industry he began 52 years ago with 2 ewes and 2 lambs for which he paid \$31. He has sold wools for \$100 to \$150. He has sold wools at 50¢ per pound. Never did he wear an overcoat, and for 12 years has not worn an undershirt. The prospect is favorable to other years of work. His only children are James Oscar and Riley Hedges, who, with his wife, survive him.

If any readers wish to know other facts, call up 71.

Our next stop was at Bishop & Everman's store. Mr. Bishop is the brother-in-law and Mrs. Everman is the sister of Mr. J. N. Phipps of our city. To their line of general merchandise they will soon add bugles.

PLUM.
John W. Cravens, of Hazel Green, was here erecting tomb stones. J. E. Boardman had asked us to stop with him. He was in town and extended an invitation. We accepted, and at dusk we were at his home. Minerva Sue, his little daughter, had spent much time gathering violets. These served as a table decoration and for our button hole bouquet. We enjoyed her animal decorated blocks, and in the early morning the dew was heavy we carried her in our arms to see her pet lamb, which races with her and "lumps" up and hits her above the head. The love and companionship of a little child is a great blessing and to win this we must adapt ourselves to their ways.

telephone systems. We called upon Mrs. Trumble at home in Mt. Sterling. We observe that many farmers in Bourbon have "phones." The service seems to be more popular than in Montgomery. Soon there will be but few farmers without telephones. We supplied L. A. Soper with stationery on Saturday, sending the order by phone so the job would be ready for delivery on Monday. We took dinner with De Tipton. His wife was very sick and immediate service was necessary he called up Dr. Vansant at Mt. Sterling late at night and in a few minutes the doctor was on the way.

We continued our journey via Rogers Mill, Judy, etc., reaching home before dark. These trips are pleasant and healthful.

On Wednesday, April 19, we started on another trip. At Sharpburg we failed to ascertain anything for record although we asked.

BETHEL.
Geo. W. Bann, noted temperance worker will lecture at the Sharpburg Methodist church on Saturday night, April 29. The subject will be "The 20th Century Search Light."

The remains of St. Vanelpiet were removed from the cemetery here to Mt. Sterling on Thursday. He had been dead about 30 years. He is the father of Mrs. Jno. E. Groves, for years of our city, and of Mrs. Amelia Vannatter, of Fayette.

After a partnership of about 3 years the firm Arrasmith & Robertson was dissolved on the 13th. Mr. Cyrus Arrasmith will continue the business alone, carrying groceries, notions, furnishing goods, boots, shoes etc. The house in which he does business was built about 73 years ago. The "Col." is the oldest resident of the town.

Prospect for wheat is fair. The acreage of tobacco will be increased. Encouraging reports come concerning the approaching local option contest.

But little tobacco remains unsold.

John S. Vice who bought the Dave Trumbo residence last fall is remodeling same.

An Easter exercise was to be held at the Methodist church on Sunday evening.

One of our homes is at Wm. Pieratt's. Here we were kindly

received. Called to see Mrs. Wm. Day but she was not at home. John R. Peters, of Bethel, has located at Hooktown, R. F. D., No. 4 from Cynthia, and will engage in general merchandising. He is an experienced business man and will no doubt command a good trade.

MOOREFIELD.
We dropped in to see our friends Wm. Durham and wife. They were at dinner, and made home folks of us, which we much enjoyed. Belles, yes we saw some of their collection: The bamboo walking cane used by his grandfather, and supposed to be about 100 years old; the mantle clock bought by his father in 1840 and in continual use; the long rifle with which his father brought squirrels from tallest trees many years ago; a bible printed in 1839; a six-pound cannon ball picked up by his father on the Perryville battlefield; his grandfather's powder horn with powder charger, made from tip of a deer's horn, and marked "H. U. 1835," his grandfather's hunting knife, a two edged 2 1/2 inch blade (when we go on the war path for various varnishes we may use this scolding knife;) one of Mrs. Wm. Durham's wedding slippers; a marble with which he played in childhood days, and various other things.

J. W. Berry's daughter, Miss Pansie, graduates this year at Lexington. See Land Stock and Crop. This town has the Moorefield Deposit Bank which began business Nov. 1903. On Dec. 31 its report showed:

LIABILITIES	
Capital Stock	\$15,000 00
Undivided Profits	355 04
Deposits	20,429 74
Total	\$35,784 78.
ASSETS	
Among the resources are:	
Loans and Discounts	\$23,264 85
Mortgages	4,355 00
Cash on Hand	1,438 03
W. H. Howe, President; Dr. O. S. Kaub, Vice-President and W. E. Ballinger, Cashier.	

We met with Dr. O. S. Kaub for a few moments. His father, Miles Kaub, aged 82, has kept close to the house during the winter; he is feeble but has had little sickness. Robt. McVey, aged 79, is seriously sick. Mrs. Howard Anderson, of Mt. Sterling, was visiting her father, Mr. John Arrasmith. J. P. Royce at intersection of pikes to Bethel and Moorefield has two rural route boxes—one for each of two routes.

SHARPSBURG.
Our friend J. R. Shroat had said: "When you are in this section come in and stay with us."

Returning to Sharpburg we met R. N. Ratliff and children on the pike near his home. We then conducted that characterizes so many Kentuckians, he said: "Go home with me and spend the night."

We postponed with thanks as we had friend Shroat in mind. We detoured about 2 1/2 miles to reach his home. The full orb on near horizon was beautiful beyond description, the landscape of refreshing green for miles on every side was charming. The daughters and son, Walter, had gone to Sharpburg to practice for "The Spinner's Return From the Klondike," which was to be given on Friday and Saturday nights in the hall over the new bank building and for the benefit of the blind R. M. Caldwell, of Millersburg. So we missed them. Mrs. Shroat, against our wish, took time to prepare extra refreshments. We had a long and pleasant chat about matters and things in general, closing the day with some of God's promises.

Next morning we spent a social half hour, more or less, at R. Donaldson's home with the family and the Misses Shroat.

For stock items see Land, Stock and Crop.

We stopped in town, broke bread with the Withers family, found sister from the storm, and continued the trip. What did you say about that mud section of the Sharpburg and Mt. Sterling pike (?) Well, Mr. Judge, Mr. Magistrate, Mr. Overseer, isn't it too bad that money is not at hand to change that road? Think of it, teams stalling on a level track, during the winter months, and all those neatly washed buggies being soiled when the young folks from various places go sparking. Yes, yes, see what the raiders have brought, the Mr. overseer is an expert and may use his persuasives on the powers that be, and very soon while the birds sweetly sing and the Misses smile sweetly and our beaux from the regions round about will speed along at a 2:30 gait and forget all their woes.

AS OLD DOCUMENT.
On Friday T. J. Northcutt showed us an old document which reads as follows:

Clark County to wit: Re: of Andrew Duncan seventy-five squirrel scalps and destroyed them agreeable to law. Given under my hand this 22 August 1706. Irvy Woodroof.

Mr. Northcutt when he was Adm. of his father's estate 13 years ago found it among his father's papers, but does not know when his father received it. Andrew Duncan was the great uncle of T. J. Northcutt. Mrs. Northcutt has a copy of the Day's Deeds, printed in New York on Feb. 20, 1869. He has a parlor decoration a meat dish which he has known for 40 years. Its dimensions are 12 1/2 by 18 1/2 inches. It is highly decorated in blue. The rim has 18 full bloom roses. The central picture of 3 houses is a church with tall square tower. It belonged to his grand-mother Hoffman, who at the age of 84, died about 85 years ago.

As Mrs. Northcutt played the violin her little grand-daughter, Lella Henry, daughter of Ernie Henry, sang a verse of Beautiful Isle of Somewhere. The familiar strains of Arkansas Traveler greeted us.

We stopped to see Joab Morton, who with his wife moved from Powell county in February, and live in the V. Thompson property. Mr. V. Vice says the prospect for strawberries is fair.

DEATHS

Born—Samuel Rogers Boyd died suddenly at his home in Cynthia on Tuesday, April 18, aged 43. He was a lawyer.

DAEM.—Hon. Edward Daum, Commonwealth's Attorney of the Mayfield district, died last week at his home at Brooksville, Ky.

STOCKDALE.—Hugh Stockdale, aged 40 years, died at the Good Samaritan Hospital, Lexington, on Sunday night. The burial was at Cravens graveyard, in this county, near his home. He leaves a wife and two children.

QUICKER.—Word was received on Monday morning that Jonathan Quicker had died at the home of his daughter, Mrs. Joe Cecil, near Hazel Green, Ky., on Sunday night, April 23, 1905. He was born December 6, 1834. He was a respected and honored citizen. He had been in feeble health for several years. His wife and nine children survive him. Mrs. W. T. Swango, of this county, is his daughter. Mr. and Mrs. Swango and daughter left here in private conveyance from Monday morning to attend the burial.

HORTON.—On Saturday J. B. Horton, aged one year and one month, son of J. W. Horton and wife, of near Howard's Mill, took several tablets of strychnine and in half hour was dead. Mrs. Horton had been to see Mrs. Dr. Mary J. Pierce who gave her some tablets for herself. Returning home Mrs. Horton placed the tablets on the sewing machine in reach of the child, and during her absence from the room the child got the medicine, swallowed some of it and before the doctor could get to it. When Dr. Pierce was summoned she said she thought the child had died from the effects of the poison. The child was taken to Leon on Monday for burial.

DANIEL.—Mrs. Kathlene McGuire Daniel, wife of Thos. Daniel, died at their home in West Liberty, Ky., on Sunday night, April 23, 1905, of neuritis of the heart. She had been sick only a few days. She was the youngest daughter of Wallace McGuire, the well known lawyer, for many years a resident of West Liberty, prior to his removal to Jackson, Ky. She was about 24 years of age. Their child is about one year old. Mrs. Daniel was the picture of health, a zealous and capable member of the Christian Church, a lovely young woman. She will be greatly missed. The writer remembers to have met Mrs. Daniel, then Miss McGuire during his stay of three days in that hospitable home and he will never forget the impression of home affection. The father, mother and children were real companions and far exceeding this home life, beauty and happiness was the imprint of Christian character. Men and earthy joys, but brighter than any mutable jewels is the Christian character. It carries with it hope, faith, love, joys terrestrial and celestial. From these God-given graces the radiant light of this beautiful woman shone in splendor making joy and happiness within its sphere.

Hargis Trial.

At the close of third week of the trial the Commonwealth closed its evidence on Monday afternoon. The last two witnesses were Felix Feltner, cousin of Moses Feltner, and Wm. Smith, a deputy Sheriff under Calkhoun in 1902 when Cockrell was killed. Felix corroborates Moses in regard to confessions and checks passed. Smith testifies in substance: Hargis—"Jim Cockrell will have to be killed, for if he is not, he will kill us."

Smith—"I don't want to be in this and I will have nothing to do with it."

Hargis—"Well, if you don't want to do it, I'll get George Smith and Calkhoun, and they will fix it."

BASE BALL.

The game between Mt. Sterling High School team and a school team of Winchester scheduled for Friday afternoon was called off on account of rain. In spite of the threatening aspect of the weather the Mt. Sterling team went to Winchester. On arriving there they found the diamond little less than a mud hole.

It was soon decided that no match game could be played, but in order to play a kind of a test game, which was not to be counted as in any way decisive, six innings were played, resulting in a score of 3 to 2 in favor of Winchester. Two of Winchester's scores were made on forced runs and were not won by that team.

The Winchester team will play here in a week or so. The Mt. Sterling team is confident of winning.

The K. M. I. team of Millersburg defeated the Mt. Sterling High School team Saturday in one of the prettiest and hottest-contested thirteen-inning games ever played by school teams. The entire Mt. Sterling team played in fine form. Mt. Sterling started off like winners, securing three runs in the opening inning. In the seventh, with the score 6 to 2 in favor of Mt. Sterling, the K. M. I. boys fell onto the ball, making 4 runs. This was the disastrous inning for Mt. Sterling.

In the eighth Wyatt started with a two-bagger to left, followed by Hadden with another two bagger in the same territory. Mack singled and Hadden scored. The K. M. I. boys again tied the score. The score remained tied until the 13th inning, when Carriek hit over second which should only have been a single, but the ball got away from Enoch and he hit went as a homer and won the game for K. M. I. by a score of 8 to 6. The boys expect extra nice treatment by the clubs.
